**IMPORTANT NOTICE** regarding offset accounts and home equity lines of credit. Immediately after issuing payout figure the home equity account will be frozen as any funds drawn after that date will affect the payout figure. If funds are required, please contact our mortgage section. The payout figure will be recalculated and relevant parties advised.

Where applicable, funds held in relevant offset account will be transferred to the S1 account under the membership immediately following repayment of the home loan or when a payout figure is given for settlement.
